DIRECTIONS - Recommended mixing ratio: 3% - 6%.

PLEASE NOTE - Do not freeze. Store above 40°F. Cooler temperatures will result in thickening and opaque appearance.

SAFETY REQUIREMENTS - Always wear eye protection. Keep away from children. Not safe for consumption. Product is nonflammable, noncombustible, nonexplosive, and intrinsically a flame retardant. No special protective equipment, precautions, hazards, or extinguishing media required. Flush immediately with water if sprayed in eyes or ingested. Can dry out skin if left on for long durations. Use soap and water to remove or clean up spills.
