**HEAT BARRIER**

# GREENFIRE® HEAT BARRIER

## PRODUCT OVERVIEW

GreenFire® Heat Barrier is a revolutionary, non-toxic fire safety solution for contractors, utilities, and automotive industries. Provides an insulated, fire-resistant foam blanket for soldering and welding protection with no clean up. Cools, prevents flare-ups where they can occur, and will adhere to any surface. For use in Hot Work Areas. No VOCs.

## INDUSTRIES

- Fire Sprinklers
- Plumbing
